

COMMUNITY PROGRAMS

Community Programs is leading the way to create a unified effort to promote and connect Warriors and their loved ones with community-based events, growth opportunities, resources, and services.

Join the Community Programs open Facebook page and check out the latest in resources. You will find the monthly community calendar of activities and our quarterly newsletter posted on our Community Programs Facebook page and AFW2 website.

Warrior & Family Social Connections (WAFSC)

This group is designed to encourage you to initiate social connections in your area. When AFW2 members host events in their community with each other, this helps build the sense of unity, and reinforces that you are never alone.

Care Fair (Virtual & In Person)

The Care Fair highlights several organizations that provide services and resources for Active Duty, Veterans, Caregivers, Spouses and Children during CARE Events.

We help the transitioning Wounded Warriors and their families connect with organizations that offer many forms of assistance such as suits for interviews, to housing and employment.
