[**Why Veterans are well-suited to Become Business Owners**](#) - Entrepreneurship isn't for everyone. The average worker bee might complain about their lousy boss or the inefficiency of their company and muse on how much better things would be if they were in charge, but the fact is few people have the rare combination of energy, guts, and determination to actually go out and create a business of their own. In short: most people would rather deal with a situation they hate than do what's necessary to become their own boss.

[**VA releases Survivors Quick Start Guide**](#) - Part of VAs Welcome Kit, the Survivors quick start guide begins with a step by step checklist for preparing, applying for, and following up on the available benefits. Each step spells out in plain language what to do, what forms to fill out, and who to call if you need help.
