# AIRMAN FOR LIFE

## MONTHLY LIFELINE

1 Feb 2020

[Active Heroes](#) is a charity that provides resources to Veterans in order to end Veteran suicide. AH offers national activities, peer support and resources for military heroes and their families. Free of charge to Veterans and military members, Active Heroes sponsors almost 500 annual events across the United States.

[Employment Resources](#): Feds Hire Vets is a single site for federal employment information for Veterans, transitioning service members, their families, and federal hiring officials

[Veteran Summer Sports](#): Applications are now open for Veterans interested in participating in the 2020 National Veterans Summer Sports Clinic, Sept. 20-25 in San Diego, Calif.

[Adaptive Sports Grants](#): VA awarded \$14.8 million in grants for adaptive sports programs benefiting Veterans with disabilities and disabled members of the Armed Forces at the end of September.

[“Pay for Success” helps Veterans with PTSD find and keep meaningful jobs](#)

[Know the symptoms: The new virus causes respiratory illness in humans, usually 2–14 days after exposure](#) Illnesses have ranged from mild symptoms to severe, including fever, cough, and shortness of breath. The virus is thought to spread mainly from close contact with an affected person

[VA recruitment video shines light on Veterans Crisis Line responders](#) Any one of us can have a setback in life and find ourselves in an emotional crisis. Veterans may experience these issues more intensely due to military service history. The first responders at the [Veterans Crisis Line](#) (VCL) are there to help.

[Veteran News Network: Television for Veterans, by Veterans](#) Created in response to customer feedback drawn from Veteran Signals surveys, VNN gives medical centers and clinics increased flexibility as it represents an alternative to the cable news and typical daytime television programming

[VA taking on the challenges of aging with PTSD](#) New challenges appear with age. Those challenges can make the symptoms of posttraumatic stress disorder (PTSD) more noticeable, cause them to come back after many years or even to occur for the first time.
